South East Asia

Tyco Fire & Integrated Solutions Clients

Diamond Offshore Drilling

The Project

The system is equipped to provide mainly for the Drillers Production Areas with several explosion-proof Mentor Intercom Units which are powered via the Mentor SL700 Intercom Exchange Unit.

Further Information

Diamond Offshore Drilling Inc, a leading deepwater drilling contractor, owns and operates one of the largest fleets of offshore drilling units in the world. The company's divers fleet consists of 31 semisubmersibles, 14 jack-ups and one dynamically positioned drillship.

Diamond Offshore provides contract drilling services to the energy industry around the globe and is a leader in deepwater drilling. Configured to achieve the optimum balance of flexibility and performance, Diamond Offshore's fleet has built its reputation on more than four decades of real-world global drilling experience, from the North Sea, the Gulf of Alaska, the Straits of Magellan, the South China Sea and Australia's Bass Strait.

Spector Lumenex is the leading brand of communication systems designed and manufactured by Tyco Fire & Integrated Solutions. We are able to offer complete compliant solutions for wired communications that provide both operational and life safety systems for onshore and offshore installations and other challenging environments. Our range includes:

Public Address and Alarm (PA/GA) Systems:

- ACE 100, 4, 16 (explosion-proof & purged)
