

## **ResistTel Weatherproof Telephone**

*The ResistTel is completely programmable, and has been equipped with a 21-piece stainless steel (V4A) steel keypad designed for use with gloves. Letters and figures are presented clearly on the alphanumeric display. The ResistTel also boasts all the convenient features that have become standard in the field of office communication.*

### **Main Performance Data**

- Protection IP 66
- Operations temperature -25°C to +60°C
- Stainless Steel (V4A) keypad
- Steel armoured handset cord with snap-protection
- Sound pressure level approx. 95 dB(A)
- Receiver volume can be boosted in 7 steps from 0 - 12 dB(A)
- Integrated adjustable stabilizer bracket
- Connections for external loudspeaker
- Handsfree operation

Line Voltage	24 VDC to 66VDC
Line Current	15 mA DC to 100mA DC
<b>Housing</b>	
Material	Glass-fibre-reinforced polyester
Height x Width x Depth	Approx. 266 mm x 227 mm x 135 mm
Weight	Approx 5.5kg
Keypad	Metal keypad with ice protection. 21 keys with ACB lettering for name entries.
<b>Receiver</b>	
Handset Cord	Stainless Steel (V4A) armoured handset cord.
<b>Environmental Conditions</b>	
Degree of protection	IP 66 according to EN60529
Operation Temperature	-25°C to +60°C
Storage Temperature	-25°C to +70°C
<b>Further Characteristics</b>	
Ringling sound pressure level	Approx. 95 dB(A) at 1m distance
Ringling melodies	10 melodies selectable
Listening by loudspeaker	Maximum sound pressure level approx. 70 dB(A) at 1 m distance.
Handsfree operation	Maximum sound pressure level approx. 70 dB(A) at 1 m distance.
Menus	German and English

**DISPLAY**

The two uppermost lines display the number or the menu settings.  
 The lower line displays pictograms that correspond to the function.  
 Menu language optional German or English  
 (Please ask us about any other languages).
